

SEPSIS

IS A RARE BUT SERIOUS COMPLICATION OF AN INFECTION

If your child has any of these symptoms you should take immediate action:

- Looks mottled, bluish or pale
- Is very lethargic or difficult to wake
- Feels abnormally cold to touch
- Is breathing very fast
- Has a rash that does not fade when you press it
- Has a fit or convulsion

Acting quickly could save your child's life. If your child has any of these symptoms, don't be afraid to go to **A&E immediately or call **999**.**

For more information visit nhs.uk/sepsis or sepsistrust.org
